This is the most important way to get our heart With total gratitude, and mind set for the school year because our work is first and foremost from the heart. Thank you for helping us teach more consciously and recognizing that every interaction is an opportunity for success. You made me remember Mrs. Hernandez, my recently deceased 1st grade teacher, who in September of 1979 greeted me at the door on the first day of school with eyebrows raised

Dennis M. McLoughlin

and telling me how thrilled she was to have me in her class. That was the best school year of my life, and I still remember that greeting 35 years later!
