

My Dear Denny.

I had the privilege of coming to your conference 14 times while I was employed at the school. Your information & attitude about life & people, your perception of using moments to teach & not condemn, love & build others & embrace the good & not the brokenness in people is the beacon I try to follow. If the world was perfect, I would wish every person involved in teaching & caring for others could spend a wonderful week soaking in your goodness & knowledge.

Thanks for being who you are. Thanks for coming to Hardin MT & sharing hope & "you can do attitude" that we might inspire & teach the next generations the DENNY way of doing things.

Wow!

IN EACH NEW DAY

I hope you still love Rhubarb pie - Pie making is not a skill I was blessed with but I know people gifted in the pie department. Please accept this gift of love & thanks for making a difference for me & the many others that are better because they came, learned & followed your instruction.

Hi Denny!

Happy greetings to you from Plains, Montana! My name is Karla, and I am the wife of Doug Padden. I just wanted to share a few thoughts with you in a letter, but hopefully someday we can meet in person. I have heard so much about you, and High Trust, and the impact that you have had on Doug is tremendous!

Doug is an amazing husband, an incredible teacher, and a loving, protective Dad + Grandpa. ... But handling "paperwork details" is just not his thing. Plus, life on the farm is hectic and busy right now, which makes "time" another limiting factor in doing classwork.

So... in an effort to meet the August 1ST deadline, We would like to formally request that you finalize Doug's grade, for college credit, for the High Trust workshop in Fort Benton. He only has the Success Sheet to submit at this time -- But believe me, Doug could recite his "journal entries" to you in one phone call! (You might want to pencil in an hour to talk though! ☺)

I will say, that Doug is a changed man since attending your workshop in June. He may not have been keeping written notes, but he is definitely thinking, and acting out, High Trust.

Doug talks about it all the time! He and I have had many thoughtful discussions, and our interactions on the Ranch have been deeply influenced by your teachings! So much AARF, and "Good Thinking" going on here!! And God is front & center in our lives again -- with so much joy and blessings.

What a good Summer this has been! Please know that you are always welcome at our house. (We are only an hour & a half's drive from Kalispell!) Thank you so much for your time & teachings!

God bless you!

♥ Karla Padden

Dear Denny,

I wanted to say what an amazing class you had. It is always a gift to spend time with you! If everyone in this world would think a little different things could change for the better. If it takes one person

at a time to make improvements I will strive to make those changes! Each and every day!

Thank you for helping me to think better! ☺

Safe Travels
